This carefully planned programme will be an amalgamation of an educational experience with fun and entertainment. The various highlights of the programme are:

The students will get to attend the classes, participate in sports activities, home stay with a local family for one day, rest of the stay will be prearranged at luxurious hotel with vegetarian food, learn the language, food habits, lifestyle and culture of Bhutan first hand. Arrangements will also be made to see the beautiful landscape of BUTAN. Each day will provide the students plethora of opportunities to enhance their acclimatization skills.

There are various personal and educational benefits of participation the most noticeable one is that the awareness leads to enhanced self confidence in students. It also propel students towards acceptance and understanding of an array of different customs and community perspective.
